

STRATEGIC STUDY REPORT ON INDIAN PRINTED CIRCUIT BOARD INDUSTRY:

As has been assigned with the task by IPCA to M/s Behram Wadia, Pune at a total cost of Rs. 3 lakhs, for a Project Study on the Printed Circuit Board Industry cosponsored with the financial assistance of half the share by Ministry of Information Technology, through the help of ELCINA, the task has been successfully completed by the Agency and we are now having the

UPDATED REPORT with all the data base of our members companies for information to all our members. As has been decided in the Executive Committee, these copies are available to our members at **a cost of Rs. 2000/-** and **Rs. 3000/-** to non-members. This report is of very useful information to the PCB industrialists, and allied suppliers of machineries and other raw materials, in having a first hand information on the status of the industry, the global scenario and future prospects and the problems facing the industry, I would very much recommend that every member of our Association should have a copy of its own in their shelves, for their immediate reference and benefit in assessing and planing their futuristic plans. This task has been specifically planned by the Executive committee of our Association to elaborately undertake an effort to present a detailed and actual picture about our industry for the benefit of all our members.

I request the members to encourage this task undertaken by the Association on behalf of its members and buy a copy for their own records and use at the earliest at a nominal cost of **Rs. 2000/- only**.

We will endeavour to arrange a copy for you immediately on the placement of the orders and oblige you with the information asked for.

Please be good enough to contact us for further interaction on obtaining the copy of this report from the Office of IPCA.
